

## **ICoTA Canada 2023 Roundtable**

### **Nov 9<sup>th</sup> 2023 - Calgary Petroleum Club**

#### ***0700 – Registration & Buffet Breakfast***

0800 – Opening Remarks – President ICoTA Canada

0805 – Enabling Autonomous Intervention Execution for Coiled Tubing and Wireline Operations – Laurence Fossati (SLB)

0830 – Wireline and Slickline deployed in-situ acidization – Jordan Brennan (StimStixx)

0855 – A Reality Check - Modeling Wireline Operations in Real Time Using Streaming Data – Paul Brown (CoilData)

0920 – Eliminating internal storage corrosion for almost free – Rob Standen

#### ***0945 – Coffee Break & Exhibition (25 mins)***

1010 – Protecting from H<sub>2</sub>S Damage – Expanding the Knowledge – Steven Craig (Baker Hughes)

1035 – Hydrogen Embrittlement in High Strength Q&T: An Open Discussion – Garry McClelland (Global Tubing)

1100 – Case Study: Sleeve with Tracer Integration for Long Term Surveillance and Understanding of Zonal Contribution -  
Matt McCarthy (Steelhaus)

1125 – The littlest things can have big impact – a stakeholder’s review of microbiology in coiled tubing operations – Dr  
Marc Demeter and Dean Black (OSP Microcheck)

#### ***1150 – Lunch + Group photograph for presenters (70 mins)***

1300 – Analyzing the Impact of Jointed Pipe Injection Technology on Well Completion Efficiency – Andrew Richard &  
Harold Miller (Automated Rig Technologies)

1325 – A Change from a Traditional Frac Plug – The Solution to Extended Reach Wells, Concerns with Isolations, and  
Tolerance for Debris – Chad Gibson (WellBoss)

1350 – Advanced Conveyance Methodology When Testing Wellbore Barriers – Peter Knight (WACORP)

1415 – What’s Old is New Again: Re-Entering Multilateral Wells with Coiled Tubing – Scott Sherman (Highwood Technical  
Services)

#### ***1440 – Coffee Break & Exhibition (20mins)***

1500 – Rethinking Coiled Tubing String Lifespan Assessment; Leveraging Frequent Inspections for Enhanced Operational  
Insights – Brendan Rath (STEP Energy Services)

1525 – Applications for Casing Expansion for Completions, Wellbore Repair and Annular Remediation – David Yager  
(Winterhawk)

1550 – 20/20 Vision of Your Operations – Combing Real-Time Data, Engineering, Automation, and State Detection in One  
Platform to Optimize Field Operation – Travis Thomas (CTES)

1615 – ICoTA Canada Innovation Award Presentation – Chris Wiseman (Sponsored by CoPoint)

1620 – Closing remarks – President ICoTA Canada

#### ***1630 – Sponsored Cocktails, Canapés & Exhibition***
